ACSmith® | Water Purifiers

Say hello to A. O. Smith.

Founded in 1874 by Charles Jeremiah Smith, the A. O. Smith Corporation began as an engineering company in Milwaukee, Wisconsin. Our pursuit for excellence when it comes to water purifiers as well. For the past 150 years, our singular purpose has been to create stellar products that deliver the best performance with the best technology. And to this day, we live strongly by that belief.

150 years of innovation.

A. O. Smith enjoys a rich history of achievements. A glimpse at our 150-year history reveals numerous engineering and technical achievements.

1874

Started operations

1889-1906

Foray's into the bicycle industry and over the years became North America's largest automobile frame manufacturer

1936-1954

Patented the glass line technology and introduced the first glass-lined commercial water heater

1995

Joint venture in China

2008

Started operations in India

2010

Factory set up in Harohalli, near Bengaluru 2010 - Water Heater Manufacturing begins

2015

Entry in Water Purification-Pioneers in introducing the Hot Water feature

2020-2023

Launched industry-defining products in Water Heaters and Water Purifier series in India

2024

A. O. Smith celebrates 150 years of integrity, innovation and customer satisfaction in its business locations across the globe.

Advantage of our A. O. Smith RO Range

What a purifier.

Our range of water purifiers offer everything you've thought of and more. Engineered with the finest technologies, our water purifiers are intuitive, efficient and beautiful. Whether it's the top of the line A. O. Smith ProPlanet Series or the under the counter invisible models, you'll find one that best suits your needs.

100% RO, Zero Compromise.

In ordinary purifiers, the water bypasses the RO membrane, increasing the risk of contamination. Our purifiers pass 100% of the water through our patented side stream RO membrane. All of which is further purified with our Silver Charge Membrane Technology (SCMT). Additionally, Min-Tech re-introduces essential minerals like Calcium and Magnesium that would otherwise have been lost. Giving you water that's clean and tasty.

A. O. Smith Water Purifier

(ZX Double Protection Dual filter: Silver Activated Post Carbon + SCMT)

A. O. Smith **vs** Ordinary RO + UV

Water bypassing the RO membrane can contain harmful substances like TDS, lead, arsenic, fluoride, pesticides and other chemicals.

Baby Safe 8 Stage Purification & 100% RO+SCMT

No Compromise, 100% purified water all the time with Double Protection of 100% RO+SCMT. SCMT (Silver Charged Membrane Technology) removes chemical reductions, phosphates, endotoxins, particulates etc, to give you healthy and pure drinking water.

Patented Side Stream RO Membrane

Our patented side stream RO membrane removes bacteria, viruses, cysts, heavy metals like lead, mercury and arsenic, as well as pesticides and fluorides. The system is designed to ensure 100% of the water passes through the RO membrane and none of it bypasses it so no impurity stands a chance of passing through.

ART™ MAX (Advance Recovery Technology™)

Unlike other purifiers, our breakthrough Advance Recovery Technology™ recovers 2X more water♦ when it runs through the purifier, ensuring minimal water wastage. It's good for the environment and good for you.

8 Stage Purification

Get Baby Safe water-The ultra-comprehensive 8 stage purification process amplifies water purity to its highest efficiency, always dispensing only safe and healthy drinking water, ensuring that the water you get is Baby Safe.

*Available in select models.

proplanet

Series

The ProPlanet series is exclusively crafted for discerning consumers, who not only seek the best water purification product proposition but also are environment conscious at the core. ProPlanet series is India's 1st 5 star rated water purifier in terms of water savings (Certified by IAPMO)

A. O. Smith ProPlanet series is a range that gives you healthy water in an eco-friendly way.

Unlike ordinary RO purifiers, the water doesn't bypass the RO membrane. Instead, we pass 100% of the water through it. What this means is that all the water is purified with minimal wastage.

proplanet Series

ProPlanet series has a water recovery of more than 60%. It is India's 1st and only 5 star rated water purifier in terms of water savings certified by IAPMO (International Association of Plumbing and Mechanical Officials) ProPlanet series water purifiers are compliant to 'IAPMO – I WPSC-01:2019 Evaluation of Point of Use Water Purification System.

ProPlanet series is designed for the discerning consumer-both environment conscious and health conscious.

The stylishly crafted ProPlanet water purifiers are equipped with RO + Silver Charged Membrane Technology (SCMT) that gives you 100% RO purified, baby-safe* water, using an 8 stage purification process. The elegant and stylish design of ProPlanet enhances the beauty of your kitchen and also saves 2X more water than an ordinary RO water purifier* making it earth-safe too.

proplanet

Baby - Safe.* Earth - Safe.

Why Baby-Safe* & Earth-Safe?

Baby-Safe*: ProPlanet series is equipped with RO + Silver Charged Membrane Technology (SCMT) which gives you 100% RO purified, baby-safe* water, by using an 8 stage purification process.

Earth-safe: Unlike other purifiers, our breakthrough Advance with its Advanced Recovery Technology™ proplanet water purifier recovers 2X more water ensuring minimal water wastage. Hence, it is India's first 5 star rated water purifier in terms of water saving, making it earth-safe.

proplanet - P7 / P6

Hot is the new healthy

Instant hotness.

A good-looking machine that dispenses mineralised hot water in an instant. Whether it's for a quick cuppa or instant noodles, you can choose between water at 45°C for drinking or 80°C for cooking. No more waiting for water to bubble over a flame. Simply press a button and it's right there.

Benefits

Baby-Safe* water with 8 stage purification and double protection of 100% RO+SCMT

Retains natural taste with essential minerals using MIN-TECH

Give back to your planet, save water with **India's 1st 5 star** rated water purifier

Peace of mind with **1 year Comprehensive warranty** (RO membrane and filters included)

Let there be light.

Night Assist.

Our ProPlanet P7 and P6 purifiers come with Night Assist. It helps you locate your purifier in the dark without having to switch on the lights.

Disclaimer : Product images / color shown may vary from actual model.

proplanet- P4Pro / P3Pro

Stylishly crafted, elegantly designed, the ProPlanet P4Pro/P3Pro immediately catches one's attention as soon as you enter the kitchen. Drink Baby-Safe. Earth-Safe water. Be ProPlanet

Benefits

-  **Baby-Safe* water** with 8 stage purification and double protection of 100% RO+SCMT
-  **Retains natural taste with essential minerals** using CFM and Alkaline Technology
-  **Give back to your planet,** save water with **India's 1st 5 star** rated water purifier
-  **All Time Fresh water*** with in-tank UV purification
-  **Elevate your kitchen décor** with sleek, compact and contemporary design
-  **Feel proud about your contribution** through Smart Intelli-Display panel

*Available only in ProPlanet P4Pro

With its smart compact design, contemporary looks and cutting-edge features, ProPlanet water purifier goes well with any tastefully-done kitchen interior. This meticulously crafted new-age water purifier helps you save water and do your bit towards a greener environment.

baby-safe* water.

The Green Leaf indicator in the center
glows after completion of each cycle
(10 L) of water saving. This saving helps
you get an idea about the amount of water
saved and hence your contribution towards
the planet.

Each bar between Go Green
and Green Leaf indicator
shows the saving
of more than 3L
of water.**

proplanet-P5

ProPlanet P5 doesn't only ensure 8-stage purification with 100% RO purified water but also saves 2X water than an ordinary RO water purifier* with its innovative Advanced Recovery Technology.

Benefits

Baby-Safe* water with 8 stage purification and double protection of 100% RO+SCMT

Retains natural taste with essential minerals using MIN-TECH

Give back to your planet, save water with **India's 1st 5 star** rated water purifier

Peace of mind with **1 year Comprehensive warranty** (RO membrane and filters included)

Features you'll love in ProPlanet Series

Stands up. Stands out.

Every A. O. Smith water purifier is conveniently designed to either be placed upright on a table or mounted on a wall. Because a true masterpiece will look good anywhere.

Child-Lock Button.

The Child-Lock feature prevents your kids from accidentally starting the flow of hot water and possibly scalding themselves.

Auto Flush.

The Auto Flush notifies you about the purifier flushing out any impurities present within. Consider it detox.

Advance Alert.

The Advance Alert is a handy system that lets you know if the RO membrane or other filters need changing.

Shows it all.

The display on your A. O. Smith RO water purifier provides useful information like water temperature, tank full, filter alerts and power mode in one beautiful digital package.

Drip tray.

The drip tray in your A. O. Smith RO water purifier is super convenient when you want a glass of water and have your hands full. But it's also easy to remove when filling large bottles or vessels.

Healthy water. Maximum capacity.

Every one of our purifiers comes with water storage capacity of up to ten litres. So you'll never run out of clean and healthy water.

Water level indicator.

The translucent level indicators show you how much water there is. So you don't have to guess.

Food-grade water tank.

Your A. O. Smith RO water purifier is made from virgin food-grade ABS. This ensures no leaching of toxins from the water tank into the water. It keeps your water clean and healthy.

Z2 Pro | Water Purifier

Good Health the Copper way, No Compromise.

A. O. Smith brings international design for your beautiful kitchen

Imagine getting pure drinking water straight from your kitchen tap. Elegantly styled & powered with state of the art technology, Z2 Pro is designed to fit in seamlessly with your modern modular kitchen decor. Z2 Pro keeps your kitchen clutter-free, complements your kitchen interior while ensuring you get 100% RO purified water with all essential minerals & benefits of copper in it.

Disclaimer : Product images / color shown may vary from actual model.

Get Health the Copper way with 7 Stage Purification

Benefits

Healthy drinking water with RO+CFM Technology & 7 stages of purification.

Fits seamlessly with your modern modular kitchen décor with its **Sleek & Compact design**

Gooseneck faucet for convenience

1 Year Comprehensive warranty (Including all filters & RO membrane)

Presenting

Intelli-UV Series

Intelli UV series comes with the power of three technologies in one gives you water which is pure and tasty. This not only separates extremely fine particles from water but also destroys bacteria present in it. This technology is effective on water with low TDS and hardness levels.

Dual Pass UV chamber (DPUV)

Intelli-UV series is powered by India's 1st Dual Pass UV Chamber, a unique design in which the water passes two times through an advanced high power 11W UV lamp, providing double UV purification and ensuring purified safe and healthy drinking water.

Intelli-UV-Pro

Smart Purification

Double Protection with India's 1st Dual Pass UV chamber

Benefits

UV purified Hot water at 3 temperature modes: ambient, warm (45°C) & hot (80°C).

Elevate your Kitchen décor with contemporary design, night assist and a large 10L storage capacity.

Purified drinking water with 6 stage purification and 3 technologies in one (UV + UF + SCMT).

Peace of mind with 1 year Comprehensive warranty.

We've raised the bar. For water heaters too.

In addition to water purifiers, we've also brought international-standard water heaters to India. Lined with our patented Blue Diamond® Technology, our water heaters are designed to withstand excess sedimentation and pressure fluctuations. Unlike ordinary water heaters we've engineered ours to not just match the bar set by Indian regulation authorities, but far exceed it. In addition, we've also put in place a wide network of specially trained engineers, so you get the same level of after sales service you'd expect from A. O. Smith. Things really are heating up in India's water heater industry.
